

**VOL.1**

# HOW TO USE

- ①...Category (It has 7 categories, SIGN, ARTS & CRAFTS, MEMORY SYSTEM, WATERCOLOR SYSTEM, CARTOONIST, GRAPHIC and GENERAL ITEMS.)
- ②...Page No. for Display Set and Blister Pack
- ③...Surface(s) Available for Marking on (This is just a rough guideline. Further details are to be confirmed.)
- ④...Item No.
- ⑤...Description
- ⑥...Line Width
- ⑦...Available Colour(s) (The colours represented within this catalogue are as close as the photographic and printing processes will allow.)
- ⑧...Individual Package with 1pc. Blister Pack (or plastic bag) Available

## About safety marks

### AP SEAL

All products which conform to ASTM D 4236 are indicated thus:

This means that the products bearing the AP Approved Product Seal of ACMI are certified in a program of toxicological evaluation by a medical expert to contain no materials in sufficient quantities to be toxic or injurious to humans or to cause acute or chronic health problems. This program is reviewed by ACMI's Toxicological Advisory Board. These products are certified by ACMI to be labeled in accordance with the chronic hazard labeling standard, ASTM D 4236 and Federal law, P.L. 100-695. In addition, there is no physical hazard as defined within 29 CFR Part 1910.1200 (c).  
ACMI=The Art and Creative Materials Institute, Inc., U.S.A

By using “Black” as tradition, and “Yellow and Purple” as innovation, we show Kuretaker is a general manufacturer of brushes, pens and painting materials which provides a new life style to customers by developing drawing, writing and painting products.

The shapes like circles, squares and triangles express the pleasure in the creation such as crafts and handmade arts, which is Kuretaker future aim.

“ZIG” is a trademark registered by Kuretaker Co., Ltd.

All “ZIG products” are made in Japan.

“ZIG products” are sold in more than 80 countries around the world.

### 6 colours

### For best results:

- 1 If necessary, sand wood surface and wipe clean.
- 2 Apply the stain using long strokes to avoid overlapping lines.
- 3 Allow surface to dry thoroughly. Once dry, seal surface for protection.

## About us

---

Kuretake Co., Ltd. was established in 1902 at Nara in Japan. Since then, by combining our Sumi Ink (Japanese Calligraphy Ink) with our own technological developments, we have achieved recognition as a manufacturer of high quality stationery products. Now our products are made under “ZIG” brand in Japan and favored for its utility and high quality in Japan, North and South America, Europe, Africa, Oceania, Middle East, and Asian countries.

Resulting from our success in the stationery market, and with confidence that we could utilize our unique knowledge of multi-coloured pigment inks, we decided to expand into the Art & Craft industry. That is our new action to contribute to people’s life and culture by satisfying their new needs for “Wanting to create by own hands.”

Since establishment in 1902, Kuretake has always focused on satisfying market’s needs. We strongly believe that our “hands on” products will continue to satisfy future customer requirements for both stationery as well as the Art & Craft industry.
