

CONDA BRAND STORY

Michael Xu - Chairman of the Board

CONDA Imp & Exp Co Ltd.
was founded by Michael Xu in
1993 and continues to deliver
perfect products to
discerning artists, leisure
painters and hobbyists daily.

**CONDA is the leading art
material manufacturer in
China and is proud to serve
the world.**

CONDA Export & Import Co was founded in 1993 and was immediately recognised to be an important manufacturer of artists' easels and following this single product success the company soon increased its number of products to include canvas and stretchers.

The product offering continued to increase and now includes a full range of traditional artists materials including easels, stretched canvas, brushes, painting sets, portfolios, plastic palettes and a comprehensive selection of leisure products. In addition CONDA converts a full range of artists' papers and tubes top quality artists' colour.

In 2008, CONDA opened the largest art material manufacturing base in China - this new base, located on Daxie Island on the Ningbo Eastern Seaboard, is approximately 66000 sq metres and includes two separate manufacturing units

Unit 1. 39000 sq metres for the production of easels and canvas products

Unit 2. 27000 sq metres for the production of colour, painting sets portfolios, artist's brushes and paper conversion.

CONDA R&D team includes 12 "new product" designers and 2 "packaging" specialists trained to listen and understand the requirements of artists, hobbyists and leisure painters worldwide. The R&D team is accountable for the development and performance of every CONDA product manufactured at Daxie. In addition CONDA engaged a famous international graphic artist to design a range of drawings for our popular activity painting sets.

CONDA also operates a number of joint ventures with global art material brand names - also located on Daxie Island these JV's are jointly managed by CONDA executives together with key Western partners.

The new consolidated operation costing Chinese Yuan 120M (USD15M) will lead our 3 year business plan to provide better management control and upgrade quality control obligations.

The CONDA brand name is registered in over thirty countries and has a very clear business mandate to understand the requirements of artists' worldwide and deliver quality products at consistently competitive prices.

In summary art students, teachers, leisure painters and professional artists worldwide will find exactly what they need in the Conda catalogue.

CONDA is an accredited ISO 9001:2008 company.

Michael

CONDA Chairman

CONDA Export & Import Co. wurde im Jahr 1993 gegründet und wurde auf Anhieb als ein wichtiger Hersteller für Künstlerstaffeleien anerkannt. Aufgrund dieses Erfolges hat das Unternehmen ihre Produktpalette erweitert und zusätzlich Leinwände und Keilrahmen angeboten.

Die Produktpalette vergrößerte sich stetig, sodass jetzt ein vollständiges Angebot von traditionellen Materialien für Künstler einschließlich Staffeleien, bespannte Leinwände, Pinseln, Mal-Sets, Portfolios, Kunststoffpaletten und eine umfangreiche Auswahlmöglichkeit von Freizeitprodukten. Zusätzlich bietet CONDA ein breites Angebot an Künstlerpapieren und Künstlerfarben in bester Qualität.

Im Jahr 2008 hat CONDA den größten Fertigungsstandort von Kunstmaterien ganz Chinas in Daxie Island an der östlichen Seeküste Ningbos gebaut. Dieser Fertigungsstandort hat eine Größe von 66000 Quadratmetern und hat zwei separate Fertigungswerke.

Fertigungswerk 1 hat eine Größe von 39000 Quadratmetern für die Herstellung von Staffeleien und Leinwand. Fertigungswerk 2 hat eine Größe von 27000 Quadratmetern für die Produktion von Farben, Mal-Sets, Portfolios, Pinsel und Papier.

Das Forschungs- und Entwicklungsteam von CONDA besteht aus 12 Designern für "Neuproducts" und 2 Verpackungsspezialisten, ausgebildet um die Bedürfnisse des Künstlers, Hobbyisten als auch des Freizeitmalers weltweit zu erkennen. Das Forschungs- und Entwicklungsteam ist für die Entwicklung und Leistung jedes CONDA Produktes, das in Daxie hergestellt wird, verantwortlich. Zusätzlich hat CONDA einen berühmten internationalen Grafiker engagiert um eine Reihe von Bildern für unsere populären Mal-Sets zu entwerfen.

CONDA betreibt auch einige Joint-Ventures mit globalen Handelsmarken von Kunstmaterien, die auch auf der Daxie Insel liegen. Diese Joint-Ventures werden gemeinsam betrieben durch den Vorstand von CONDA und anderen entscheidenden Partnern.

Investitionen in Höhe von 120 Mio. Yuan (15 Mio. USD), durch das Unternehmen CONDA, sichern in den nächsten 3 Jahren eine Steigerung der Produktivität und die Optimierung des Qualitätsmanagements.

Der CONDA Handelsname ist schon in mehr als dreißig Staaten registriert und hat den eindeutigen Geschäftsauftrag, weltweit die Bedürfnisse des Künstlers zu erkennen und mit Qualitätsprodukten zu wettbewerbsfähig und beständigen Preisen gerecht zu werden.

Mit einem Wort, Kunstabend, Lehrer, Freizeitmaler und professionelle Künstler weltweit, finden in dem CONDA Katalog genau was sie benötigen.

CONDA hat die ISO 9001:2008 Zertifizierung erhalten.

Michael

CONDA Vorsitzender

Fondé en 1993, CONDA Export & Import Co a été reconnu immédiatement comme un des plus importants fabricants de chevalets en Chine. Suite aux grands succès de la ligne de production chevalets, CONDA a rapidement développé en même temps tous les produits des beaux-arts comprenant chassis et autres accessoires de peinture.

Suite à cette extension de la gamme de produits, CONDA est devenu spécialiste dans les chevalets, chassis, toile, pinceaux, kits peinture, sacs de peinture, palettes plastique et autres accessoires de peinture pour les amateurs. D'ailleurs, CONDA est capable de produire toute la gamme de papiers de peinture et les colorants de haute qualité.

En 2008, CONDA a construit la plus grande base de production de matériaux de peinture, située sur l'île de DAXIE près de Ningbo, avec la superficie de 66000 mètres carrés, couvrant 2 zones de production indépendantes.

Zone 1: Superficie 39000 mètres carrés, production de cadres et d'étagères de peinture

Zone 2: Superficie 27000 mètres carrés, production de colorants, kits peinture, sacs de peinture, pinceaux et papiers etc

L'équipe de R&D de CONDA est constituée de 12 designers et 2 spécialistes de packaging, ils font le design suivant les différentes idées de peintres dans le monde entier, professionnels ou amateurs. Ils supervisent aussi toute la production dans la zone de CONDA.

D'ailleurs, CONDA a recruté aussi des artistes connus internationaux pour faire le design à la mode

Coopérant avec des grandes marques internationales, CONDA a construit des ateliers dans la Zone Industrielle de DAXIE. Ces ateliers sont managés ensemble par CONDA et ses partenaires étrangers.

Avec 15 millions USD d'investissement, cette zone industrielle nous permet d'avoir une meilleure gestion stratégique et contrôle de qualité d'ici 3 ans.

La marque CONDA est enregistrée dans plus de 30 pays dans le monde entier. Nous fournissons les produits de meilleure ration prix/qualité pour les clients.

En un mot, les étudiants, professeurs, amateurs ou professionnels de peinture pourront tous trouver leurs produits chez CONDA.

CONDA est une société certifiée de ISO 9001:2008

Michael

P.D.G CONDA

CONDA Compañía de Exportación e Importación fue fundada en 1993 y fue inmediatamente reconocida como un importante fabricante de caballetes para artistas. Tras el éxito de este único producto, la compañía aumentó rápidamente su oferta incluyendo los lienzos y los bastidores.

La oferta de productos ha seguido en aumento y ahora incluye una gama completa de materiales para los artistas tradicionales, incluidos los caballetes, lienzos tensados, pinceles, juegos de pintura, carpetas, paletas de plástico y una amplia selección de productos de ocio. Además CONDA dispone de una gama completa de papeles de color de primera calidad para artistas.

En 2008, CONDA inauguró la planta de fabricación de materiales de arte más grande en China - esta nueva base, ubicada en la Isla Daxie en la costa oriental de Ningbo, tiene aproximadamente 66 000 metros cuadrados e incluye dos áreas de producción independientes.

Área 1. 39.000 metros cuadrados para la producción de caballetes y lienzos.

Área 2. 27.000 metros cuadrados para la producción de colores, carpetas de juegos de pintura, pinceles para artistas y transformación de papel.

El equipo de I + D de CONDA está formado por 12 diseñadores y 2 especialistas de packaging, ils font le design suivant les différentes idées de peintres dans le monde entier, professionnels ou amateurs. Ils supervisent aussi toute la production dans la zone de CONDA.

D'ailleurs, CONDA a recruté aussi des artistes connus internationaux pour faire le design à la mode

Cooperando con las grandes marcas internacionales, CONDA ha construido talleres en la Zona Industrial de DAXIE. Estos talleres son administrados por CONDA y sus socios extranjeros.

CONDA también tiene joint ventures con una serie de empresas de material para artistas de marcas internacionalmente famosas, las cuales están también ubicadas en la Isla Daxie, estas joint ventures están gestionadas conjuntamente por los ejecutivos de CONDA y sus principales socios occidentales.

Con un presupuesto de 120M de Yuan Chino (USD15M) se orienta nuestro plan de negocio para los próximos 3 años en los que se mejorará el control de la gestión y se actualizarán las obligaciones de control de calidad.

La marca CONDA está registrada en más de treinta países y tiene una clara orientación de su negocio en entender las necesidades de los artistas de todo el mundo y ofrecer productos de calidad a precios siempre competitivos.

En resumen, los estudiantes de arte, profesores, artistas profesionales y pintores aficionados de todo el mundo encontrarán exactamente lo que necesitan en el catálogo de Conda.

CONDA es una compañía certificada ISO 9001:2008.

Michael

Presidente de CONDA

CONDA MANUFACTURING BASE

The CONDA manufacturing operation, the largest art material manufacturing base in China, is located on Daxie Island 40 kilometres East of downtown Ningbo and connected to the mainland by a modern cross-bridge with a sophisticated highway and rail connection.

The Conda Art Material Manufacturing base totals approximately 66000 sq metres and includes two separate manufacturing units.

Unit 1, 39000 sq: metres for the production of easels and canvas products.

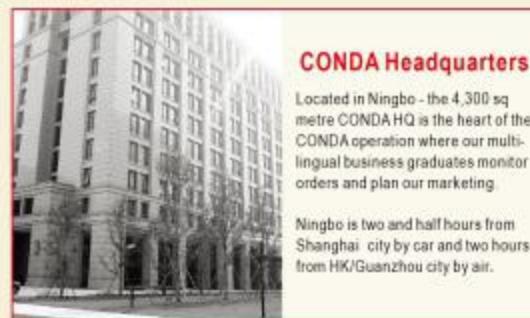

Unit 2, 27000 sq: metres for the production of colour, portfolios, artists' brushes, artist's pads, palettes and painting sets.

All quality control and pre-dispatch inspections are carried out the Daxie Island Manufacturing Base from where we ship more than 10,000 metric tonnes of art materials every year.

In summary, the consolidated operation which cost Chinese Yuan 120M (USD 15M) leads our 3 year business plan to upgrade the CONDA service to all our customers globally.

CONDA FACTORIES

CONDA Headquarters

Located in Ningbo - the 4,300 sq metre CONDA HQ is the heart of the CONDA operation where our multi-lingual business graduates monitor orders and plan our marketing.

Ningbo is two and half hours from Shanghai city by car and two hours from HK/Guangzhou city by air.

CONDA Artist's paints

The CONDA colour factory is dedicated to manufacture high quality artists' colours. The manufacturing process uses pigments and mediums chosen for quality and high degree of light fastness.

Every tube of CONDA colour is entirely "fit for purpose".

CONDA Artist's Paper and Pads

CONDA been converting artists' pads, blocks, spirals and manufacturing plastic palettes and painting sets for over 8 years. The factory converts imported paper into a full range of pads and spirals. The CONDA factory has passed many strict factory audits and holds the important "Exporting Manufacturer Registration Certificate for Toys and Children's Painting Sets."

CONDA Artist's Portfolios

This modern factory incorporates traditional and modern manufacturing skills to produce a full range of portfolios and carry bags - designs include Classic to Art Nouveau - all made to exacting standards

CONDA Easel Workshop

The CONDA easel factory is located in Pan An City near China's largest forestry project in Zhejiang province. All CONDA easel components are manufactured in Pa An factory and then transported to Daxie Island for final assembly and QC checks.

CONDA easels are made of Elm wood, Beech wood and Pine wood all from sustainable sources. The wood is also kiln dried to ensure stability and long life. Most easels made at the Pan An plant follow traditional designs but CONDA also manufactures a range of unique and distinctively designed easels and wood storage boxes.

Brush factory

The CONDA brush factory has been manufacturing high quality brushes for over 15 years. Brushes are made of natural bristle, natural hair or synthetic fibres. All ferrules are seamless and corrosion resistant. Handles are perfectly balanced and lacquered with great care. Final quality inspection ensures that CONDA artists receive the perfect brush.

CONDA Artist's canvas

CONDA manufactures and sells canvas to over 86 countries including USA. The product range includes rolls, stretched canvas and panels in many sizes. All the canvas is carefully chosen and double or triple coated with a special acrylic primer to provide the perfect universal painting surface. In addition all stretcher wood is purchased from sustainable sources. The CONDA canvas factory operates modern and strict manufacturing processes to ensure the very best canvas products are available to every artist world-wide.

The QC department has the widest brief to ensure that every CONDA product is perfect and suitable for sale. The team operates an inspection service to ensure everything is perfect order before shipping to overseas and domestic customers.

CONDA products are always consistent and always follow stringent international certification

Paint certification
EN-71-1,2,3, EN-71-9
ASTM-4236

Hazardous Chemical Test-Canadian Hazardous Products Act, Chapter H-3, Schedule 1, Part 1, Section 8

Easels, Brushes, Portfolios, Accessories and Painting Sets certification
BV tests according to all necessary protocols.

CONDA CERTIFICATES

CONDA SALES AND MARKETING

CONDA Sales & Marketing

The CONDA sales and marketing team is young, enthusiastic, ready to process orders, answer queries and deal with all your commercial enquiries at any time.

CONDA Research and Development

The CONDA R&D team are all graduates trained to understand the requirements of artists, hobbyists and leisure painters across the world. The same team is also responsible to ensure every CONDA product conforms to global certification and performance criteria and ensure that every CONDA product passes rigorous QC obligations. in addition The CONDA R&D team actively develops OEM and licensed branded products for many major names in the art material industry.

- QTY/CTN: 5pcs
- GW/NW: 26/20kg
- CTN size: 120 x 61 x 28cm

• Item No: A135024

CONDA Table Top Two-Sided Easel

- Size: 49 x 49 x 35cm
- Perfect for the desktop at school or table-top at home!
- Features a dry-erase surface on one side & Black chalkboard on the reverse side
- Hinged at the top-genuine hardwood frames on all sides
- Easy to assemble with "plug-in pegs"
- Can also be used on the floor

Tabletop Easel

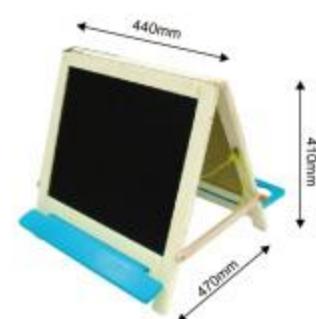

- Item No: A135040-1
- Size: A3
- Material: pine wood and MDF board, black galvanized surfaces
- Double sided: white and black board
- Easy to assemble and transport
- Detachable board

• Item No: A135025

- The paper can be rolled down
- The "safe" holes for storing bottles is a PLUS

CONDA CANVAS

- CONDA STRETCHED CANVAS
- CONDA manufactures 400000 stretched canvas products EVERY month
- CONDA canvas factory is 20000 sq metres converting + USD 30M finished product per year
- CONDA is ISO9001 certified
- CONDA is FSC certified (purchasing and sales of pure & mixed wooden artists products)
- CONDA formulated and patented "NANOMETER" canvas primer
- CONDA is the most experienced manufacturer of canvas products in China
- CONDA operates a web + blade system to triple prime all canvases
- CONDA was the "first" in China to design + operate automatic "in – line" canvas stretching to give good efficiency and better prices for all CONDA customers

CONDA CANVAS FACTORY

In 2008, CONDA opened the largest art material manufacturing base in Daxie Island of Ningbo City, which is 25 minutes from Ningbo seaport.

Total area : 613548sq. ft (57000 m²)

- CONDA Nano-tech Primer
Cooperating with CAS (Chinese Academy of Science), CONDA developed a Nanometer Technique Primer.
- CONDA Nano-tech Primer is the creation of functional materials, devices and systems through control of matter on the nanometer length scale (1-100 Nanometers) typical width of a human hair is 50 micrometers and one nanometer is 50,000th of a hair width. When CONDA includes nanometer particles in the canvas primer the net result is that all applied colour remains on the canvas surface because it fills all the pin holes and also makes the canvas dimensionally stable.

• Please see below data from the report of CAS:

	Conda Primer	Standard Primers
Drying time	1 hour in normal conditions	2 hours in normal conditions
Pull strength (mpa)	2.1	>1
Coating stability	No change over 600 hours @-15°C - 65°C	
Tensility(%)	78	0

CDNDA Nano-tech primer

• Cooperating with CAS (Chinese Academy of Science), CONDA developed a Nanometer Technique Primer.

• CONDA Nano-tech Primer is the creation of functional materials, devices and systems through control of matter on the nanometer length scale (1-100 Nanometers) typical width of a human hair is 50 micrometers and one nanometer is 50,000th of a hair width. When CONDA includes nanometer particles in the canvas primer the net result is that all applied colour remains on the canvas surface because it fills all the pin holes and also makes the canvas dimensionally stable.

• Please see below data from the report of CAS:

	Conda Primer	Standard Primers
Drying time	1 hour in normal conditions	2 hours in normal conditions
Pull strength (mpa)	2.1	>1
Coating stability	No change over 600 hours @ -15°C - 65°C	
Tensility(%)	78	0

• This new technology is already patented in China.

Anti-oil: there is full of pinholes and thus no oil will come to the back of the canvas. All paints stay firmly on the canvas.

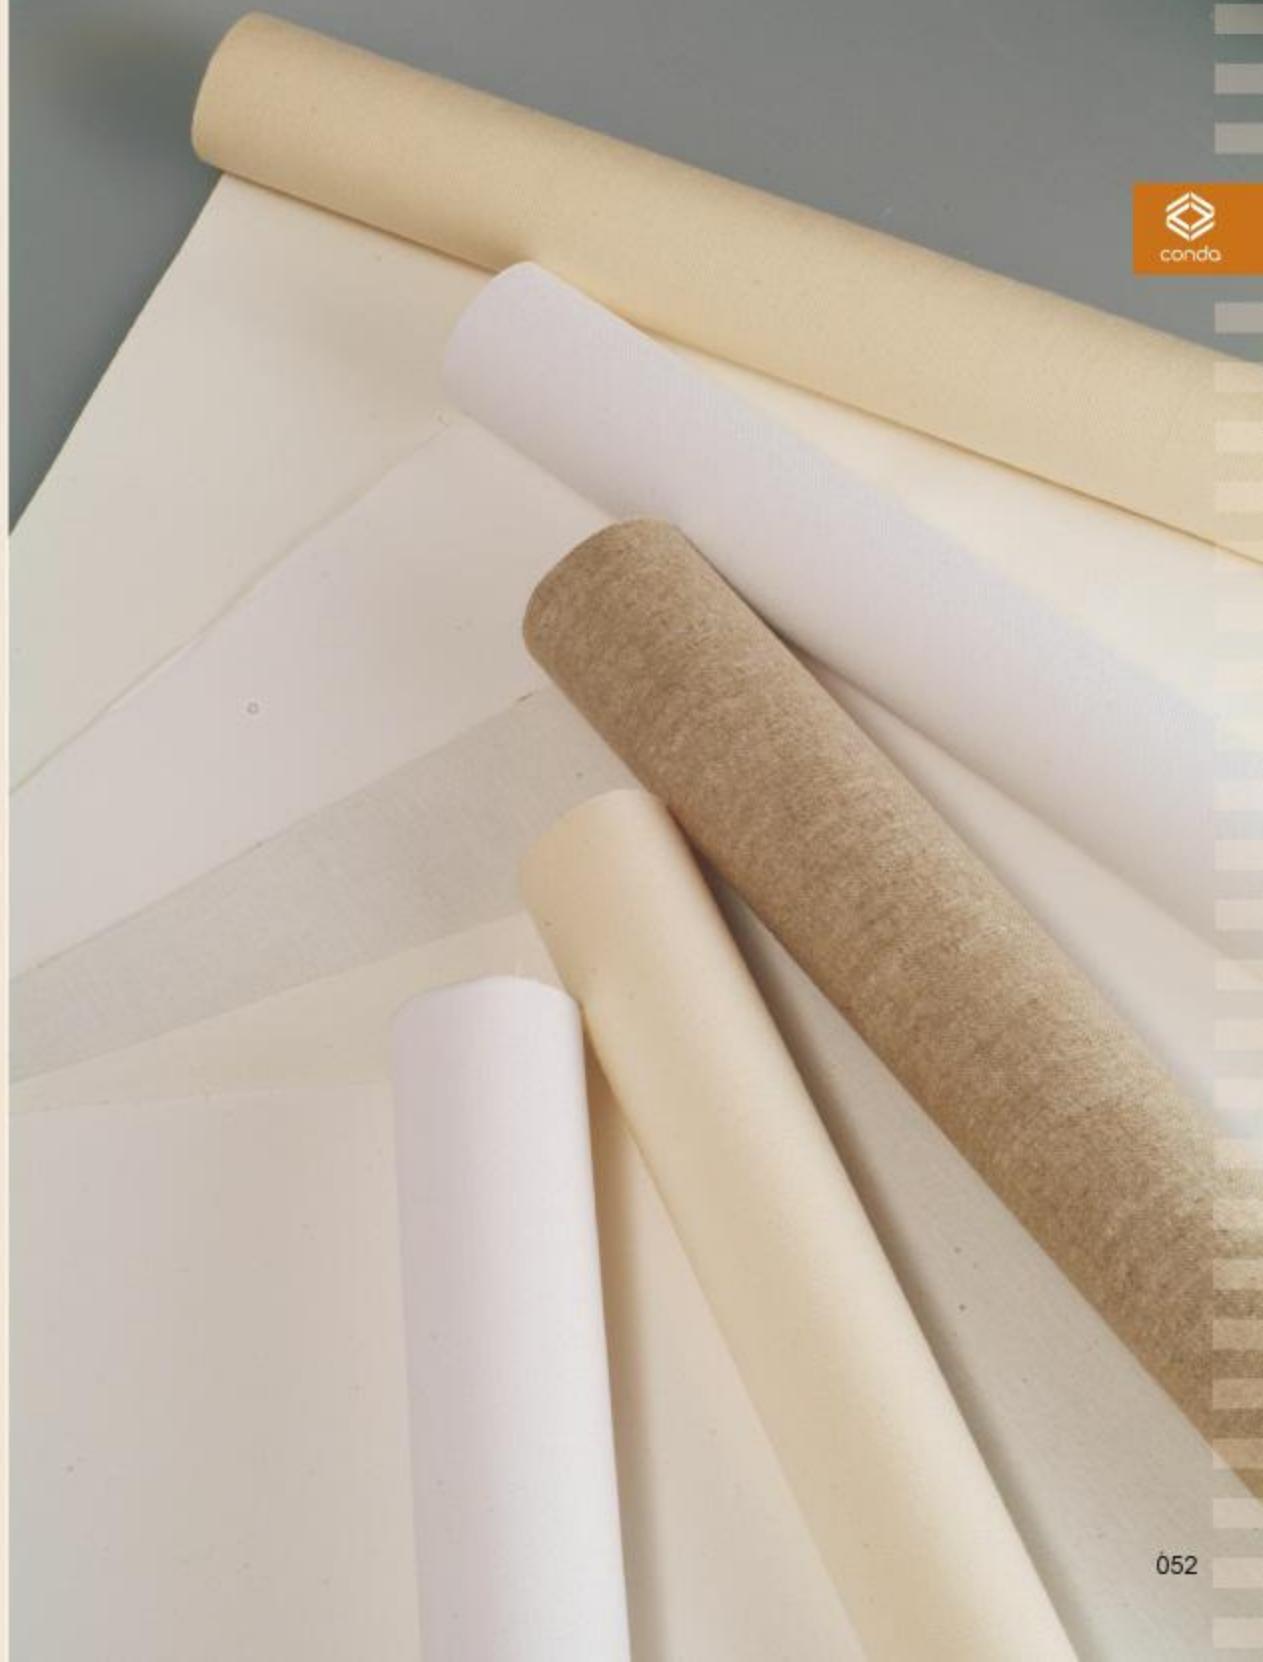

Quality assurance between -15°C and 100°C: Because of the tiny particle in the primer, the canvas is becoming very strong and stable. The primer doesn't split or fall down and adheres firmly to the canvas. The paint stay on the canvas with primer and in this way, the paint can be kept for quite long time.

Heavy stretcher bar: To match the high quality, Conda adopt heavy stretcher bar to make canvas.

CAS Certificate

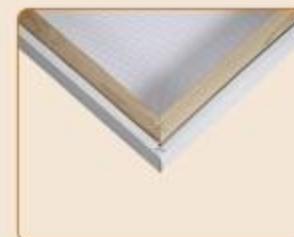

Different styles applicable to different countries

Staples on Side

- Professional frame construction with kiln-dried,beveled stretcher bars avoid to be touched by the brushes on painting
- 1.5cm, 1.6cm, 1.7cm deep
- Stretched by hand for the best tension and tailored corners

Staples Free Edges

- 3.5cm, 3.7cm, 5.5cm deep
- Staplefree edge can be painted to display finished painting with or without a frame.
- Professional frame construction with kiln-dried,beveled stretcher bars avoid to be touched by the brushes on painting
- Re-stretch the canvas with rubber splinee,no wooden wedges needed.
- Stretched by hand for the best tension and tailored corners
- Ample canvas on the back for re-stretching.

Staples on the Back

- 1.5cm, 1.6cm, 1.7cm, 3.5cm, 3.7cm, 5.5cm deep
- Staple-free edges can be painted to display finished painting with or without a frame.
- Professional frame construction with kiln-dried,beveled stretcher bars avoid to be touched by the brushes on painting
- Stretched by hand for the best tension and tailored corners
- Ample canvas on the back for re-streching.

- Every aspect of the CONDA brush making operation is highly disciplined following FSC (Wood Management) + ISO9001:2000 + GSV (Global Security) + ICTI Code of Business Practices

CONDA BRUSHES

How to purchase CONDA brushes

Name	Description and usage	Media	Hair	Shape
Round	Round ferrules, round or pointed tips. Useful for detail, washes, fills, and thin to thick lines. A pointed round is used for fine detail. A detailer is a pointed round with very short hair.	All media	All hair: Synthetic	
Script/Liner	Pointed narrow brushes with very long hair. Liner brushes are shorter and more narrow with short handles and round ferrules.	Watercolor Decorative Ink Signwriting	Sable Ox Synthetic	
Flat	Flat ferrules, square-ended, with medium to long hairs. Provides lots of colour capacity and easy maneuverability. Use for bold sweeping strokes or on-edge for fine lines. Also suitable for heavy "impasto" work with heavy colour.	All media	Sable Mongoose Bristle Badger Synthetic	
Angular	Flat ferrules, short length hairs, set with longer hairs at one end. Useful for precise strokes and for lines and curves. Suitable for thick or heavy colour.	Watercolor Acrylic Decorative	Bristle Synthetic	
Fan	Flat ferrules, spread hairs. Natural hair is more suitable for soft blending. The synthetic filaments work well for textural effects. Useful for smoothing and blending, special effects and textures.	Oil Acrylic Decorative	Bristle Badger Synthetic	
Fibert	Thick, flat ferrules and oval-shaped medium to long hairs. Long handles. Natural hair is more suitable for blending because the filaments hold together when wet. With its soft rounded edges, the fibert is suitable for blending and figurative work.	Oil Acrylic Decorative	Sable Mongoose Bristle Badger Synthetic	
Mop	A mop is a round full version of the wash brush - made of soft absorbent natural hair. Used for laying in large areas of water or colour, or "wetting" the surface.	Watercolour	Squirrel	

How to Measure a Brush

Length – the distance from the edge of the ferrule out to the tip of the hair in the center of the brush.

Diameter – the distance across a round brush at the fullest part or belly of the hair.

Width – the distance across the fullest part of the hair/ferrule – brushes are always measured while dry. Width is not the width of paint stroke that the brush will make – the width of a brushstroke will vary according to the amount of pressure used, the angle at which the brush is held, the media used and the flexibility of brush hair.

Measure width or diameter of brush from right edge pf chart (example: brush in lower right corner measures 7/16" wide)

3"	2-15/16"
2-3/4"	2-13/16"
2-5/8"	2-11/16"
2-1/2"	2-9/16"
2-3/8"	2-7/16"
2-5/16"	2-5/16"
2-1/8"	2-3/16"
2"	2-1/16"
1-7/8"	1-15/16"
1-3/4"	1-13/16"
1-5/8"	1-11/16"
1-1/2"	1-9/16"
1-3/16"	1-7/16"
1-5/16"	1-5/16"
1-1/16"	1-3/16"
1"	15/16"
7/8"	13/16"
3/4"	11/16"
5/8"	9/16"
1/2"	7/16"
3/8"	5/16"
1/4"	3/16"
1/8"	1/16"

Measure length of brush from the bottom of chart (example: brush at left measures 7/8" long)

Measure width or diameter of brush from the right edge of chart (example: brush in lower right corner measures 13/32" wide)

1-31/32"	1-29/32"
1-27/32"	1-25/32"
1-23/32"	1-21/32"
1-19/32"	1-17/32"
1-15/32"	1-13/32"
1-11/32"	1-9/32"
1-7/32"	1-5/32"
1-3/32"	1-1/32"
31/32"	29/32"
27/32"	25/32"

CONDA PORTFOLIOS

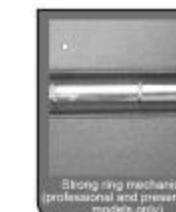

- CONDA operates Western manufacturing disciplines.
- CONDA operates "strict" quality disciplines at all levels in the production process.
- CONDA portfolios are "double stitched" for extra strength.
- CONDA portfolios have padded shoulder straps for extra carry comfort.
- CONDA portfolios have metal inserts for extra carry strength.
- CONDA professional and presentation cases have extra strong ring mechanisms – US and Euro sizes available and A1 portfolios have additional side handles.
- CONDA portfolios have metal protection corners.
- CONDA portfolios are manufactured with shower proof nylon and internally laminated with PVC to provide extra strength.

Zip cover to protect and avoid accidental access to portfolios

Metal protection corners

Strong ring mechanism (professional and presentation models only)

Side handle on A1 size

Strong comfortable carry handle with metal insert for extra strength

The CONDA Professional Quality Portfolio range is designed to meet the needs of discerning artists. CONDA Professional Quality Portfolios are manufactured from fibre board and include a strong hanging ring system that is easily operated to hang plastic storage folders. The portfolios are externally coated with shower proof nylon and internally laminated with PVC to give extra strength and weather resistance. The A1 size includes an additional carry handle and the A1, A2 & A3 has padded shoulder straps. An inside PVC pocket is attached for securing light weight flat artwork. Every case is constructed to exacting standards and is The Artist's Choice.

CONDA Portfolio

The CONDA professional presentation portfolio range is designed to meet the needs of both professional artists and students. It is manufactured to a high standard with a strong square ring system which allows PVC displaysleeves to hang in transit. The portfolios are fitted with a shower proof nylon material on the outside and inside they are laminated with smooth PVC. The zips are double stitched for extra strength and the portfolios are fitted with metal corners for design and protection. The high tech handle is screwed to a metal bar inside the spine and the ring mechanism is riveted to the same metal bar which gives extra support and strength. The A1 size includes a side handle and the A1, A2 and A3 sizes are fitted with a padded shoulder strap. A zipped net pocket is stitched to the outside of the portfolio for storage of light weight artwork. Every case is constructed to exacting standards and all CONDA portfolios come with a 12 month guarantee.

CONDA Portfolio

The CONDA Artist Portfolio is constructed with a metal bar in the spine and the high tech handle is riveted to the spine for added strength. The portfolios are made from a high density board and laminated with leather grained PVC on both the inside and outside. Two internal pockets and a high tension square ring mechanism to carry display sleeves are included. The zips are double stitched for extra strength and all CONDA Presentation Portfolios have metal corners. These portfolios are perfect for students, sales executives and professional artists. All portfolios are available in North American sizes with either black, silver or gold fittings. The A1 portfolio includes a side carry handle and sizes A1, A2 and A3 have padded shoulder straps.

CONDA Portfolio

A professional quality ZIP portfolio manufactured from a high density board laminated with an external shower proof nylon on the outside and PVC inside. It is fitted with comfortable carrying handles which are moulded to the shape of the hand and fixed with strong rivets. The zips come with twin sliders and are double stitched for extra strength. To protect the spine there are rubber domes on the base. The A1 size comes with a side handle and all sizes includes a padded shoulder strap. Two internal cross elastic straps are included for storage of artwork and other flat material. The CONDA ZIP portfolio is ideal for carrying artwork by both professionals and students alike. Also available in North American and European sizes.

CONDA Portfolio

New century portfolio from CONDA – constructed using PP material – this bag is a low cost option.

Linoleum (lino) - innovative new material that works well with all traditional lino tools. Easy-To-Cut Linoleum cuts easily whether it is mounted or un-mounted to leave smooth clean edges - also works well on curves and tight corners with a shelf life up to 10 times longer compared to traditional linoleum.
